

FAQs

SPONSOR TABLES

Q: Can our table be removed from the exhibit space?

A: Yes, the provided table may be removed, however all of your exhibit items must stay within your designated table space. This is a tabletop event.

Q: How do you determine the placement of exhibitor tables?

A: We assign sponsors to tables based on sponsorship level and the order in which contract was received.

EVENT LISTS

Q: Is the attendee list available to sponsors prior to the event?

A: The attendee list is available if included in your sponsor package. The list will be provided 1 week prior to event. List will include Name, Title and Company ONLY.
(Note: Headline and Reception sponsors also receive attendee email addresses.)

Q: Is the press list available to sponsors prior to the event?

A: The press list is available if included in your sponsor package. The list will be provided 2 weeks prior to event. List will include Name, Title and Publication ONLY

LEAD RETRIEVAL SYSTEMS

Q: Are lead retrieval systems available for rent?

A: Node Summit 2018 exhibitors will have the opportunity use a lead retrieval application called Qrious (<http://www.qriousapp.com>). This application runs on iPhone and Android devices. The application directly links to Eventbrite so exhibitors will get all contact information that is entered into Eventbrite by attendees: Name, Title, Company, Email, Address and Phone Number. The cost to use the lead retrieval application is \$198.00 if purchased in advance. If purchased onsite, the cost increases to \$248.00. Once downloaded, exhibitors will receive a login so they can immediately download leads scanned while on-site.
